- Diagram of a 4-wire cable with pin assignments:
- Pin 4 = S
 - Pin 2 = $\bar{S}$
 - BK 4
 - 3 BU
 - BN 1
 - 2 WH
 - 4 BK
 - BU 3
 - 1 BN

The diagram illustrates the M12 cable assembly components. On the left, the 'Kupplung' (Coupling) is shown, which is a short cable with a 4-pin M12 connector on one end and a 3-pin M12 connector on the other. On the right, the 'Stecker' (Connector) is shown, which is a longer cable with a 4-pin M12 connector on one end and a 3-pin M12 connector on the other. A small detail of the 3-pin connector is shown below the coupling.
