

Counting module with reset function

-
- A black, rectangular di-soric ZR 06-TSSL laser distance sensor. It features a small, square LCD display on the top surface. A yellow circular button is located on the front face. A black cable is attached to the top, ending in a multi-pin connector with a silver-colored metal shield. The front face also has a white label with technical specifications and a CE mark.

Function																
																CE

Technical data (typ.)	+20°C, 24 V DC
Service voltage	10 ... 35 V DC
No-load current (max.)	3 mA
Insulation voltage endurance	500 V
Housing material	Aluminum (Black, Anodized)
Protection class	III, operation on protective low voltage
Reset of counter	Reset key
Display	LCD display (6-digit), LED yellow - Switching output
Counting frequency	10000 Hz
Ambient temperature during operation	-10 ... +60 °C
Protection type	IP 67
Connection	Connector, M8, 3-pin
Connection 2	Cable 150 mm, Coupling, M8, 3-pin
