**203361****DCC 50 VH 25 PSK/230/V****Inductive proximity sensor**

| Technical data (typ.)                |  | +20°C, 24 V DC                                                                |
|--------------------------------------|--|-------------------------------------------------------------------------------|
| Switching frequency                  |  | 150 Hz                                                                        |
| Ambient temperature during operation |  | 0 ... +230 °C (Sensor)                                                        |
| Protection type                      |  | IP 65                                                                         |
| Connection                           |  | Cable, 3.0 m, A-coded (Sensor / amplifier)                                    |
| Connection 2                         |  | Cable (2 m, amplifier / IT)                                                   |
