### Decontamination Declaration

As per legal regulations as well for protection of our employees and our factory equipment it is compulsory that your return of goods is (absolutely) free of hazardous substances. Please confirm your compliance by signing the following declaration.

The above mentioned product/s is/are free of hazardous substances and have been, if needed, decontaminated as per the safety regulations. The decontamination protocols have been attached to the return of the goods. All information of the decontamination declaration is complete and only true. I am aware that we can be held responsible for any damage caused to di-soric as well as to third parties.
